

MARINE TORTS and CASUALTIES COMMITTEE
FALL 2009 MEETING AGENDA
Friday November 6, 2009-1 PM
Hilton Head

Please plan to join us at our meeting where we will have a discussion on the ramifications of the *Atlantic Sounding* decision from both plaintiff and defense viewpoints.

Robert Klawetter of Eastham Watson Dale & Forney – Houston will speak from the defense perspective. Mr. Klawetter was the successful trial lawyer on the 5th Circuit case *Guevara v. Maritime Overseas Corporation* and Supreme Court of Texas case *Maritime Overseas Corporation v. Thomas C. Waiters* which *Atlantic Sounding* has now upset.

Paul Edelman of Kreindler & Kreindler-New York will be speaking from the plaintiffs' point of view. Paul is well known plaintiffs' counsel and writer on Marine Law topics.

We have been allotted one hour for the meeting and we expect that there will be a great deal of give and take on the topic. If time allows, we will discuss any other items of interest you may wish to bring to the floor.
