Dear MLA Members and Invited Guests:

We look forward to seeing you in Scottsdale for the Fall 2005 meeting of the MLA. Scottsdale provides a picturesque setting for our meeting. Come prepared for warm days and cool evenings. The meeting format is compact so that you can make the most of your time. The days will be filled with continuing legal education opportunities and committee meetings. In the evenings it is time to relax and enjoy renewing old friendships and making new ones at the MLA social functions.

Continuing legal education will be a major focus of the meeting, along with the customary committee meetings and the camaraderie. We plan to offer as many as 12 hours of CLE credit through a variety of highly knowledgeable speakers including members of the U.S. marine insurance market, several executives of P & I Clubs, and members of the Department of State and the Department of Justice. The meeting begins with the President's Welcoming Reception on November 2, 2005. Optional sporting events will take place earlier that day, so make your plans now.

Phoenix/Scottsdale is a beautiful area with many attractions to enjoy. Inside this brochure you will find website listings for additional sightseeing opportunities including the Grand Canyon and Sedona. You may also view this brochure on line at www.mlaus.org.

The Fairmont Scottsdale Princess is a spectacular resort with unparalleled amenities including children's activities. We hope that you will join us and take part in this fantastic meeting, update your knowledge on key topics regarding our maritime law, see old friends, and make new ones from here and abroad.

CLE Accreditation

The Maritime Law Association of the United States, which has been certified by the New York State Continuing Legal Education Board as an accredited provider of continuing legal education in the State of New York, will issue CLE credits to New York attorneys who attend the CLE seminar. Attorneys from States other than New York may automatically be entitled to CLE credits for attending this program if their states grant reciprocity for CLE courses presented by accredited providers in New York. Other states may also recognize these CLE credits if the attorney makes proper application to his/her state's CLE Board. Such attorneys should consult with the appropriate authority in their states well in advance of the program to determine their entitlement to CLE credit. Based upon the information currently available, it is estimated that this event will provide 9 to 12 CLE credits to New York attorneys (based on a 50-minute credit hour). Final CLE program topics and speakers subject to change without notice. Any person seeking CLE credits who has a genuine financial hardship may apply in writing explaining the basis of his or her hardship, and, if the apparent, may receive a discount in the registration fee depending on the circumstances.
