David L. Maloof of New York

Term Expiring 1985

Warren M. Faris of New Orleans
Paul O. Hardy of Tampa
Manfred W. Leckszas of Baltimore
David W. Martowski of New York

ARTICLES OF ASSOCIATION AND BY-LAWS

Adopted December 13, 1935, With Amendments
to November 6, 1981

Name.

1. The Name of the Association shall be The Maritime Law Association of the United States.

Objects.

2. The objects of the Association shall be to advance reforms in the Maritime Law of the United States, to facilitate justice in its administration, to furnish a forum for the discussion and consideration of problems affecting the Maritime Law and its administration, and to act with foreign and other Associations in efforts to bring about a greater harmony in the Shipping Laws, regulations and practices of different nations.

Membership.

3. Any citizen of the United States, or any person who is admitted to the practice of law before any of the several Courts of the United States, who is interested in the objects of the Association as stated in Article 2 shall be eligible for membership. Members shall be elected by the Executive Committee or elected by the Association after being reported or recommended as candidates by the Executive Committee. The Executive Committee may elect any person who has rendered distinguished service in the advancement of the Maritime Law or its administration, as an Honorary or Non-Lawyer Member as may be deemed appropriate. No applicant who is not a member of the Bar shall be elected to membership at any time when the Non-Lawyer Members exceed 10% of the total membership of the Association. (Amended May 4, 1945, May 2, 1947 and May 1, 1959.)

There shall be six classes of membership:

1. Honorary
2. Judicial
3. Academic
4. Proctor in Admiralty
5. Associate Lawyer
6. Non-Lawyer

Honorary, Judicial and Academic members shall not have the privilege of voting.

An applicant for Associate Lawyer membership who may wish to apply for Proctor in Admiralty (hereinafter "Proctor") status after four years of Associate Lawyer membership in the Association, shall agree in the application for Associate Lawyer membership, which shall be supported by two Proctor members of the Association, to maintain adequate records over a period of four years after election to Associate Lawyer membership in order to assist the Admissions Committee in determining, at the proper time, whether such Associate Lawyer

member possesses the qualifications to advance to Proctor membership. An Associate Lawyer member need not apply for Proctor membership, but if such application is made, the applicant must meet the requirements for Proctor membership in existence at the time the application for Proctor membership is passed upon. Proctor, Associate Lawyer and Non-Lawyer members are entitled to vote. All classes of membership are eligible to serve on Committees of the Association.

Upon a special showing of possession of the qualifications required for Proctor membership, and upon recommendation of the Admissions Committee, the Executive Committee or the Association may waive the four-year requirement and grant Proctor membership to such qualified applicant.

An applicant for Proctor membership must satisfactorily answer a questionaire, prepared by the Admissions Committee and approved by the Executive Committee, with respect to experience and qualifications, supported by two Proctor members in such form as may be required in the questionaire on standards for admission. The applicant for Proctor membership must furnish satisfactory evidence of compliance with such other qualifications for Proctor membership as the Executive Committee shall from time to time require. The Executive Committee in fixing such qualifications shall consider the advice and guidance of the Committees on Admissions and on Continuing Legal Education.

All Lawyer members in good standing as of the date of this Resolution will be designated Proctors in Admiralty and those holding what was previously designated "Associate membership" will become Judicial or Academic members as the case may be. Non-Lawyer members will retain their current status. (Amended November 6, 1981.)

Dues.

4. The annual dues of members shall be $50.00, excepting the annual dues of members of the Bar who have been members of the Bar for less than five years, which shall be $35.00, and further excepting that Honorary, Judicial and Academic members shall pay no dues. The dues shall be payable May 1st of each year. (Amended May 1, 1970, May 6, 1977, and May 2, 1980.)

Any member whose dues shall be in arrears for one year or more may be dropped from membership by the Executive Committee. (Amended May 7, 1943 and May 2, 1947.)

On and after January 1st, 1952, dues-paying members in good standing who have maintained their membership in the Association for 40 years shall not pay dues but shall continue to retain their membership with the privilege of voting. (Amended May 4, 1951.)

Officers.

5. Officers of the Association shall be a President, a First Vice-President, a Second Vice-President, a Secretary, a Membership Secretary and a Treasurer. They shall be elected at the annual meeting of the Association to serve for one year and until their successors have been elected. (Amended May 4, 1945, May 4, 1951 and May 2, 1958.)

Duties of Officers.

6. The President shall be the chief executive officer of the Association and as such, subject to the Articles of Association and By-Laws, shall generally supervise its affairs, and at the regular meetings shall report as to its condition, activities and progress. He shall have power to call special meetings of the Association and of the Executive Committee. (Amended May 18, 1956.)

The President shall have authority to appoint such Committees as he may deem necessary to facilitate the business of the Association. Such Committees shall report in writing to the President and their terms of office shall expire at the next annual meeting of the Association following their appointment. The President shall be an ex officio member of all Committees. (Amended May 4, 1945, May 3, 1946, and May 1, 1981)

7. The First Vice-President in case of the death, absence or inability to act of the President, and the Second Vice-President in case of the death, absence or inability to act of the President and the First Vice-President, shall discharge the duties of the President. The First and Second Vice-Presidents shall perform such duties as may be assigned to either of them by the President or by the Executive Committee within the terms of the Articles of Association and By-Laws. (Amended May 4, 1951.)

8(a). The Secretary shall keep a record of the proceedings of all meetings of the Association and of all other matters of which a record shall be ordered by the Association.

He shall notify the Officers and all members of Committees of their election or appointment, shall issue notices of all meetings, and, in case of special meetings, shall add a brief notice of the object of the call.

He shall be the keeper of the seal of the Association.

He shall perform such other duties as may from time to time be assigned to him by the Executive Committee. (Amended May 2, 1958.)

8(b). The Membership Secretary shall keep at all times a complete roll of the members, shall receive applications for membership and shall notify new members of their election.

He shall perform such other duties as may from time to time be assigned to him by the Executive Committee. (Amended May 2, 1958.)

9. The Treasurer shall on the order of the Executive Committee, collect and disburse all funds of the Association and shall keep regular accounts in books belonging to the Association.

At the annual meeting of the Association and at meetings of the Executive Committee he shall report in writing the balance of money on hand and any existing appropriation which may affect the same.

He shall perform such other duties as may from time to time be assigned to him by the Executive Committee. (Amended May 4, 1945.)

Regular Meetings.

10. The Annual Meeting of the Association shall be held on the first Friday of May in each year, unless the President, with the concurrence of the Executive Committee, shall fix some other date.

A Fall meeting of the Association shall be held on the first Friday of November in each year, unless the President, with the concurrence of the Executive Committee, shall fix some other date. (Amended May 18, 1956.)

Thirty-five active members present in person shall constitute a quorum at any meeting of the Association.

Executive Committee.

11. There shall be an Executive Committee to aggregate by 1978 twelve elected members, divided into three classes, and the President, the Vice-Presidents, the Treasurer, the Secretary, the Membership Secretary and the Immediate Past President of the Association. (Amended May 4, 1945, May 4 1951, May 2, 1958, May 1, 1959, May 3, 1968 and May 7, 1976.)

Four members of the Executive Committee shall be elected at each annual election for a term of three years, and also such additional members, if any, as may be necessary to fill vacancies, to hold office during the terms of the members whose places they fill. (Amended May 7, 1976.)

The Executive Committee shall hold at least four meetings in each year and shall make an annual report to the Association of their activities during the year.

Five members voting either in person or by mail or telegraph shall constitute a quorum at any meeting of the Executive Committee.

Members of the Executive Committee absent from the place of meeting may vote on any matter coming before said Committee by mail or telegraph.

All appropriations of funds of the Association must be made or approved by the Executive Committee.

The Executive Committee shall consider from time to time, either on its own motion or at the suggestion of any member in writing, such matters affecting the objects of the Association as in the judgment of the Committee should be the subject of investigation, consideration, discussion and action. The President is authorized and directed to appoint Committees whose terms of office shall expire at the next annual meeting of the Association following their appointment to take up such subjects as may be deemed desirable by the Executive Committee. (Amended May 3, 1946.)

The Executive Committee shall study ways and means, and take such measures as it may deem appropriate, to increase the general usefulness of the Association.

12. Vacancies in all elective offices, with the exception of the office of President, shall be filled by the members of the Executive Committee, such appointed incumbents to hold office until the next annual meeting.

Amendments.

13. These Articles and By-Laws may be amended by vote of two-thirds of the members present at any meeting of the Association, provided, however, that notice of any proposed amendment, together with its text, is submitted to the Executive Committee ten (10) days prior to the meeting at which the amendment is to be considered. The Executive Committee shall make a recommendation to the Association regarding the advisability of adopting any proposed amendment. (Amended May 2, 1958.)

Committee Reports.

14. No Committee report, not unanimous, shall be considered at a meeting of the members unless the majority report shall have been submitted to the Secretary at least forty (40) days prior to the date of the meeting at which it is to be considered. No minority report shall be considered at a meeting of the members unless submitted to the Secretary at least thirty (30) days prior to the date of the meeting at which it is to be considered. When the President shall have authorized the method of voting described in By-Laws No. 15, the Secretary, at least fourteen (14) days prior to the date of the meeting at which such reports are to be considered, shall mail copies of both reports together with a notice of such action by the President to each member at his last recorded address.

The requirements of this By-Law or any part thereof may at any time be waived or suspended by action of the Executive Committee for good cause. (Adopted May 3, 1968.)

Proxy Voting.

15. Upon written request of not less than one-third of the members of a Committee appointed to submit a report or resolution to be considered by the membership, delivered to the President and Secretary with a minority report or resolution not less than thirty (30) days prior to the date of the meeting at which it is to be considered, the President shall authorize the following method of voting thereon (without excluding personal voting by those present at the meeting):

Any member entitled to vote may deliver to the Secretary, not less than twenty-four hours before the date appointed for the meeting at which the vote is to be taken or within such later time as the Secretary may fix, but in no event later than the time appointed for the opening of the meeting, a written instrument in substantially the form described below, authorizing another member entitled to vote to cast the vote of the absent subcribing member on all questions which may come before the meeting pertinent to the subject matter of the majority or minority reports and resolutions relative thereto, including amendments, substitutions, or variations of the resolutions proposed in either or both of said reports, provided only that said amendments, substitutions, or variations relate to the subject matter of said reports. Such vote of an absent member subscribing said instrument shall be cast only by the member so authorized and shall have the same effect as if cast by the subscribing member. When voting in the manner above described is authorized by the President, voting shall be by actual count. A member voting on behalf of an absent member shall be entitled to as many votes as he holds authorizations from absent members, in addition to his own vote. Such member may cast his own vote in a manner contrary to the vote cast on behalf of a subscribing member.

The instrument authorizing a member to vote on behalf of another member shall be substantially in the following form:

> The undersigned member of the Maritime Law Association of the United States entitled to vote at the meeting of said Association to be held on (insert date of meeting) hereby appoints (name of substitute) who is also a member of the Association entitled to vote at said meeting as his substitute to vote on behalf of the undersigned subscriber on any matters which may come before said meeting arising in connection with the following described subject matter, including the resolution or resolutions proposed in majority or minority report relative thereto or amendments, substitutions, or variations thereof and requests that each and every vote of said substitute cast on behalf of the undersigned be counted as the vote of the undersigned. This document authorizes the substitute named herein to vote on behalf of the undersigned only with respect to questions relating to the following subject matter.
>
> (here insert the subject matter of the question.)

The document shall be subscribed by the member, whose signature shall be witnessed by a party other than the substitute vote designated. (Adopted May 1, 1964.)

Nominating Committee.

16. There shall be a Nominating Committee whose duties and responsibilities will consist of the selection of nominees to stand for election as Officers and members of the Executive Committee of the Association. The Committee shall be appointed by the President and shall consist, in addition to the Immediate Past President, or in his absence his immediate predecessor, who shall act as Chairman, of no less than 20 nor more than 30 members in good standing of the Association and the members of the Committee so appointed in the discretion of the President shall be representative of those regions of the country where substantial percentages of the Association's membership is concentrated. The Nominating Committee shall present its report to the membership present at the Annual Spring Meeting of the Association. (Adopted May 7, 1976.)

Appearances and Briefs on Behalf of the Association

17. The President may authorize members of the Association to appear on behalf of the Association before any Court, Congressional or State Legislative Committee or before any Federal or State Department, Bureau, Commission, Board or other governmental agency or before any national or international conference relating to matters of maritime interest to advise such bodies of the Association's interest (in a particular matter).

No member may express views on behalf of the Association or file a brief with any such body or any Court on behalf of the Association unless instructed to do so by the President and shall express as views of the Association only such as shall be authorized either (a) by a resolution passed at a regular meeting of the Association by a majority of those present or (b) by a two-thirds vote of the total membership of the Executive Committee, voting in person or by proxy, mail, telephone or telex, at a meeting called to consider a matter after due notice of such meeting.

In regard to appearances on matters as to which the Association has not expressed a view as aforesaid, members may express only their personal views or the views of the Committee of the Association for which they are authorized to appear; in so doing members shall clearly identify such views as being their own or the Committee's and shall specifically state that such views have not been approved by the Association.

Members who appear without instructions may identify themselves as members of the Association, and if they are expressing views of a Committee or Subcommittee of the Association shall so state and, if requested to do so, identify the members of the Committee or Subcommittee. Such members should also state that the matter to which their testimony is addressed is of interest to the Association, and the Association's position upon the matter will be sought and stated as soon as possible.

The Executive Committee shall not ratify any views expressed by members except upon a two-thirds vote of the total membership of the Executive Committee, voting in person or by proxy, mail, telephone or telex in connection with a meeting called to consider such views. In the absence of a two-thirds vote by the Executive Committee, such views may be ratified by a majority of the Association. (Adopted May 1, 1981)

POLICY STATEMENTS

A.

Adopted by the Executive Committee October 2, 1981

"RESOLVED, that any member of a Standing Committee or a Sub-Committee of the Maritime Law Association testifying pursuant to Article 17 of the Association's By-Laws shall at the outset of such testimony provide a list of the names of the Committee or Sub-Committee members concerned. If the vote of the Committee or Sub-Committee concerning the position it expresses was unanimous, it shall be so stated; if not, the number of votes pro and con shall be stated. The individual positions or votes of members should not be stated. Where there is a quorum sufficient to conduct the business of the Committee or Sub-Committee the action of the quorum is controlling."

B.

Adopted by the Executive Committee March 18, 1982

"RESOLVED, that it shall be the policy of the Association and the practice of its Presidents to appoint Committee Chairmen for no more than four consecutive years unless there are exceptional circumstances as a result of which the good of the Association, in the President's sole opinion and discretion, calls for a further term; provided that all Committee Chairmen who shall have served as such for three or more consecutive years, as of May 7, 1982, shall be deemed to have served for only three consecutive years."

PURPOSES, ORGANIZATION AND ACTIVITIES

The Maritime Law Association of the United States (MLA) was organized on June 21, 1899 at a meeting held at the Association of the Bar of the City of New York. Its first president was Robert Dewey Benedict. Messrs. Harrington Putnam, Frederick Dodge and Henry Galbraith Ward were appointed an Executive Committee, together with the President virtute Officii. Its original membership consisted of 106 judges and attorneys concerned with the development of the maritime law. Formation of the MLA was prompted by the organization, some three years earlier, of the International Maritime Committee, better known by its French name, Comité Maritime International (CMI), whose objective is uniformity in international maritime law. The Hon. Joseph H. Choate and Mr. Wilhelmus were appointed delegates to represent the MLA at the CMI meeting held in Fishmongers Hall, London, July 13-15, 1899. The CMI is now composed of 39 national maritime law associations, or similar organizations from almost all of the countries of Eastern and Western Europe, Canada, The United States, Mexico, South and Central America, Australia, New Zealand, Japan, India, Korea and the Peoples' Republic of China. The MLA is also affiliated with the American Bar Association.

The purposes of the MLA are best expressed in Article 2 of its Articles of Association and By-Laws:

"2. The objects of the Association shall be to advance reforms in the Maritime Law of the United States, to facilitate justice in its administration, to furnish a forum for the discussion and consideration of problems affecting the Maritime Law and its administration, and to act with foreign and other Associations in efforts to bring about a greater harmony in the Shipping Laws, regulations and practices of different nations."

The current Articles of Association and By-Laws are based on those adopted in December 1935 which had been prepared by a committee consisting of J. Frank Staley, George M. Lanning, George H. Terriberry, Ira A. Lillick, Lawrence Bogle, Chauncey I. Clark, T. Catesby Jones and Cletus Keating. There have, of course, been amendments from time to time since then.

The MLA now has more than 2,750 members. Of these some 2,500 are lawyers interested in maritime law, including approximately 230 judges and law professors. The rest are non-lawyers selected because they hold responsible positions in the maritime field. MLA members are found in all states and territories of the United States where there is maritime activity, the heaviest concentrations being in New York, Louisiana, California and Texas. The Association publishes annually a comprehensive directory containing the Articles of Association and By-Laws, a membership list and other information of interest to all those concerned with maritime law.

The MLA as a whole meets in the spring and fall of each year, but its ongoing, year-round work is accomplished by the Officers, the Immediate Past President and twelve other members of the Executive Committee, who govern the Association, subject always to the will of the membership as expressed at its semi-annual meetings, and by committees appointed by the President. Through its committees the MLA keeps abreast of Federal and State judicial decision, legislation, and governmental regulations in the maritime area. It is not a lobbying or special interest organization; each of the traditional opposing groups-cargo, personnel and vessel - has

many adherents within the organization, united only in their concern with maritime law in all its facets.

Because the work of the Association has become so well-known, its views are frequently sought by Congress and by governmental agencies. These are officially expressed from time to time, but such expressions are subject to strict control. There have been spirited floor battles at some of the Association's meetings over resolutions concerning proposed United States legislation and international conventions. There is no reason to believe that similar battles will not occur in the future. What this develops is a balancing of interests within the maritime community.

The Standing Committees of the Association at the present time, with the names of their Chairmen, are listed immediately following this section. The first of the Committees to be discussed in detail is the Committee on the Comité Maritime International (CMI).

Article 1 of the CMI's Constitution describes its goal:

"The Comité Maritime International is a non-governmental organization the object of which is to contribute by all appropriate means and activities to the unification of maritime and commercial law, maritime customs, usages and practices.

To this end it shall promote the establishment of national associations of maritime law and shall cooperate with other international associations or organizations having the same object."

The CMI Assembly meets each March, usually in Belgium, where the Comité is domiciled. A plenary session of the CMI as a whole is held at least every four years for the purpose of drafting maritime conventions and agreements on subjects determined by the Assembly to be of importance in the effort to unify the international maritime law.

In the past, draft international conventions prepared by the CMI were submitted to the Belgian Government for consideration at diplomatic conferences on maritime law. More recently, such drafts have been submitted to the Intergovernmental Maritime Consultative Organization, commonly called "IMCO", for consideration at diplomatic conferences arranged by that organization, which is affiliated with the United Nations. In other instances studies have been made which are of value to the maritime world but not necessarily suitable material for conventions. In recent years a liaison has been established with IMCO, and some of the CMI's activities have been undertaken as a result of requests made by that agency.

The MLA Standing Committee on the CMI is the Association's agency directly concerned with CMI activities. Representatives of the MLA attend the Annual Assembly in Brussels each March and participate in the discussions and decisions on CMI affairs. Whenever plenary CMI sessions are held, the MLA is represented by a large delegation, many of whose members actively engage in the debates on the matters under study. Between plenary sessions there is continuous activity requiring the close attention of various subcommittees of the CMI.

The objectives of the MLA Committee on Marine Insurance, General Average and Salvage are to monitor developments in the law relating to those subjects; to consider the necessity and desirability of changes in the law and

practices relating to them; to participate in pertinent legal research projects, and to keep the MLA membership informed of current developments in marine insurance underwriting, claims handling, anti-trust considerations, state regulation, the law pertaining to general average and relationships between average adjusters and maritime attorneys, and domestic and international law pertaining to salvage. Much of its work is performed by ad hoc sub-committees created for specific projects. Among the projects undertaken by the Committee are reform of the international law of salvage, including revision of the 1910 Brussels Convention on Assistance and Salvage at Sea, which was drafted by the CMI and was ratified by the United States in 1913.

Another major MLA Committee is the Committee on Bills of Lading. Projects undertaken by that Committee include the study, by a Subcommittee composed of prominent marine underwriters and legal scholars, of the potential economic impact on insurance placement and costs which would result from the adoption of the new "Hamburg Rules" Convention in place of the present "Hague Rules" Convention relating to ocean bills of lading, which was also drafted by the CMI and was adhered to by the United States in 1937. Other areas within the jurisdiction of this Committee include a proposed international convention pertaining to multimodal transport, the study of important court decisions, and the always recurring problem of ocean carriers' "letters of indemnity".

The MLA Committee on Navigation and Coast Guard Matters and the Committee on Western Rivers and Waterways keep a close watch in these areas. Foremost among the accomplishment to which these Committees can rightfully claim a share of the credit is Public Law 96-591 (passed on the last day of the 96th Congress), which unifies the various sets of navigational rules previously in effect, combining the Inland, Western Rivers, Great Lakes, and Pilot Rules into one cohesive set. These two Committees have also been interested in procedural problems attendant upon Coast Guard hearings, specifically the admissability, in civil litigation, of the Coast Guard's findings and transcripts of the records of such hearings, and the failure of some investigating officers either to follow the usual rules of evidence or to protect the Constitutional rights of witnesses and participants.

The work of the Committee on Marine Ecology is directed almost exclusively to pollution problems of concern to vessel operators and insurers. The Committee works in all areas -- state, national and international.

The Committee on Limitation of Liability is concerned with a concept which is vital to our national interest in maintaining a strong and competitive merchant fleet. Many are of the view that, if the United States were to abandon this concept, it would drive one more nail in the coffin of our already depleted merchant fleet. For that reason, the MLA has prepared a draft bill which could serve as a foundation for modernization of the outmoded United States Limitation of Liability Act. The United States has never adopted any of the international conventions on this subject, and its law is out of step with that of the rest of the maritime world. The provisions of this draft statute are so liberal that when and if Congress or some governmental agency should ever become interested in reforming this area of our law, the MLA draft should prove to be an acceptable basis for new legislation.

Two more Committees should be discussed: Practice and Procedure, and Uniformity in United States Maritime Law. Although they have something in common, each has a different function. The common factor is the search for, and desire to

preserve a high degree of uniformity in admiralty practice, and in our national maritime law. Without such uniformity, the United States cannot trade effectively with other nations and American commerce will become even less competitive than it is now. The Practice and Procedure Committee watches court decisions and files briefs amicus curiae where necessary to combat any threatened erosion of uniformity in admiralty practice throughout the country.

The Committee on Uniformity is active in both the legislative and judicial arenas. It, too, has prepared briefs amicus for filing by the MLA. It cooperates with the American Institute of Merchant Shipping (AIMS), the Counsel of American Shipowners (CASO), the Propeller Club, the American Bar Association, and other organizations in matters of mutual interest. For example, its attention has been directed to the support of legislation which would create a single fund and a single system of liability for maritime oil pollution claims, superseding the various federal and state statutes which are now in force, and which, taken together, contain many mind-boggling inconsistencies.

The foregoing discussion focusing on committee work is not intended to be exhaustive, but rather to give an idea of what the MLA is all about: it is a professional organization whose membership includes virtually all lawyers concerned with improvements in the maritime law, and which stands ready to be of help to law students interested in this field of law. The advantages of membership include the opportunity to meet and consult with other practitioners in the field, to receive committee reports and other documents concerning the developments in this area, and to provide a forum for the discussion of problems and the presentation of ideas to others with similar interests.

Once every two years the MLA holds a four-day meeting, at which there are not only full scale meetings of the standing and special committees but also highly professional lectures, seminars and panel discussions on recent developments in the field of maritime law. These educational activities, in addition to giving the busy practitioner an opportunity to become familiar with important new decisions, legislation and conventions, have been granted accreditation by state agencies on Continuing Legal Education, whenever such accreditation has been sought. Anyone engaged in any facet of maritime law cannot afford to miss these opportunities for professional advancement. Indeed, it can be said that active membership in the MLA is a professional "must" for any lawyer engaged in the practice of maritime law.

IN MEMORIAM

The Association records with deep regret the death of the following members:

JOHN M. AHERNE
HON. ROBERT A. AINSWORTH, JR.
NATHAN BAKER
RALPH W. BROWN
JOHN D. CAEMMERER
WALTER CARROLL
RALPH E. CASEY
O.S. COLCLOUGH
HON. JOHN F. DOOLING, JR.
WALTER H. EVANS, JR.
ROBERT ALAN FELTNER
HON. PHILIP FORMAN
PROF. GRANT GILMORE
HON. PAUL R. HAYS
JAMES P. HEFFERNAN
WALTER J. KLEIN
ROBERT A. LILLY
HENRY N. LONGLEY
JOSEPH V. MCGOVERN
JOHN R. MAHONEY
THOMAS O. MARKEY
NICHOLAS D. MILANO
NEIL D. NALIBOFF
KENNETH L. PARKER
J. LESTER PARSONS
EUGENE S. RANNO
HON. SYLVESTER J. RYAN
HON. WILLIAM F. SMITH
HON. SIDNEY SUGARMAN
GEORGE YAMAOKA
